The AI Assistant will output your trading configuration.

Once confirmed, click “Run Backtest” to proceed.

Summary:

Instrument: EURUSD

Timeframe: 1d

Capital: 10000 USD

Lot Size: 1

Order Type: Long

Start Date: 2020

End Date: 2024

Entry Conditions: Day of the week is Monday, RSI(14) < 30

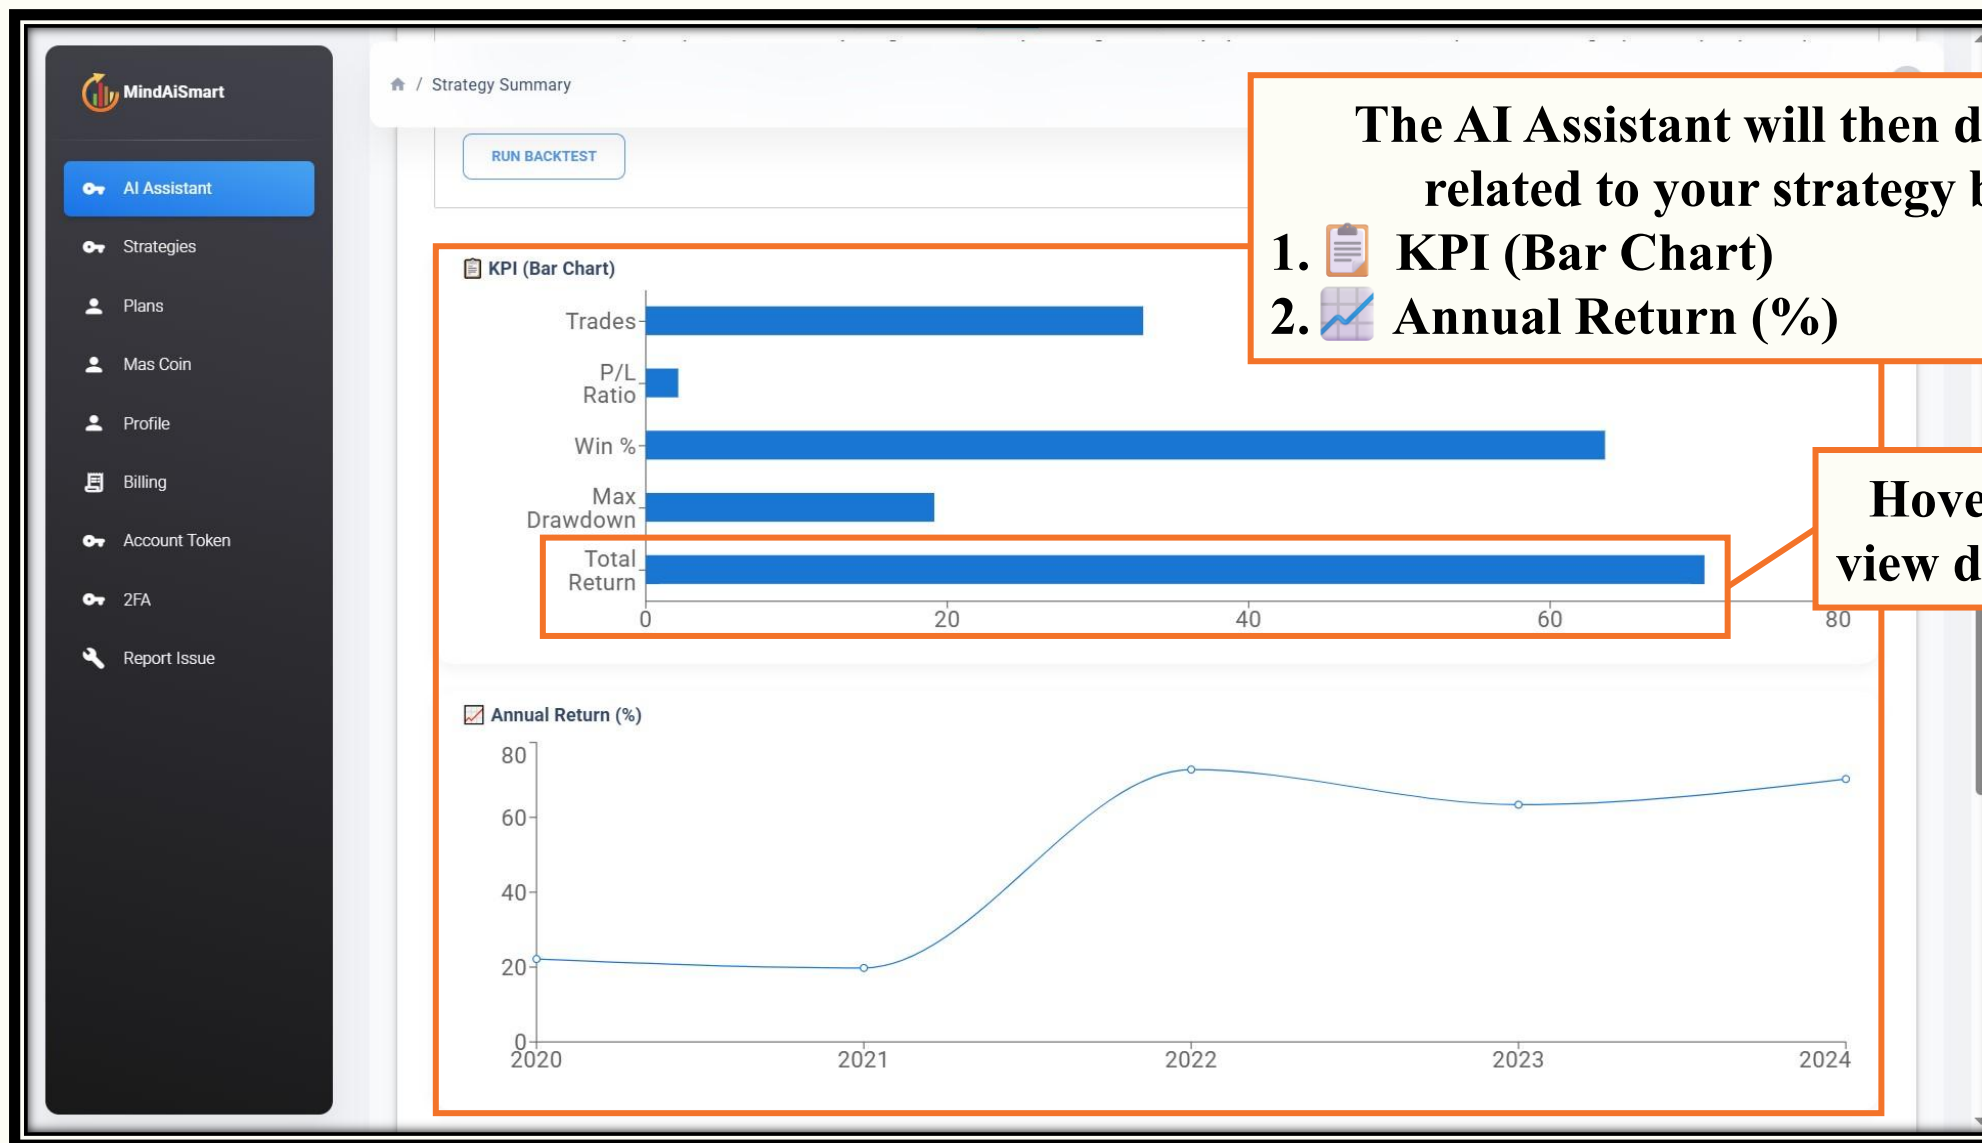

Exit Conditions: Day of the week is Friday

Strategy Logic: The strategy involves entering a long position on EURUSD at the start of the week when the RSI indicates oversold conditions, and exiting the position at the end of the week.

RUN BACKTEST

[Back to Menu](#)

Trading Platform – AI Assistant(4/6)

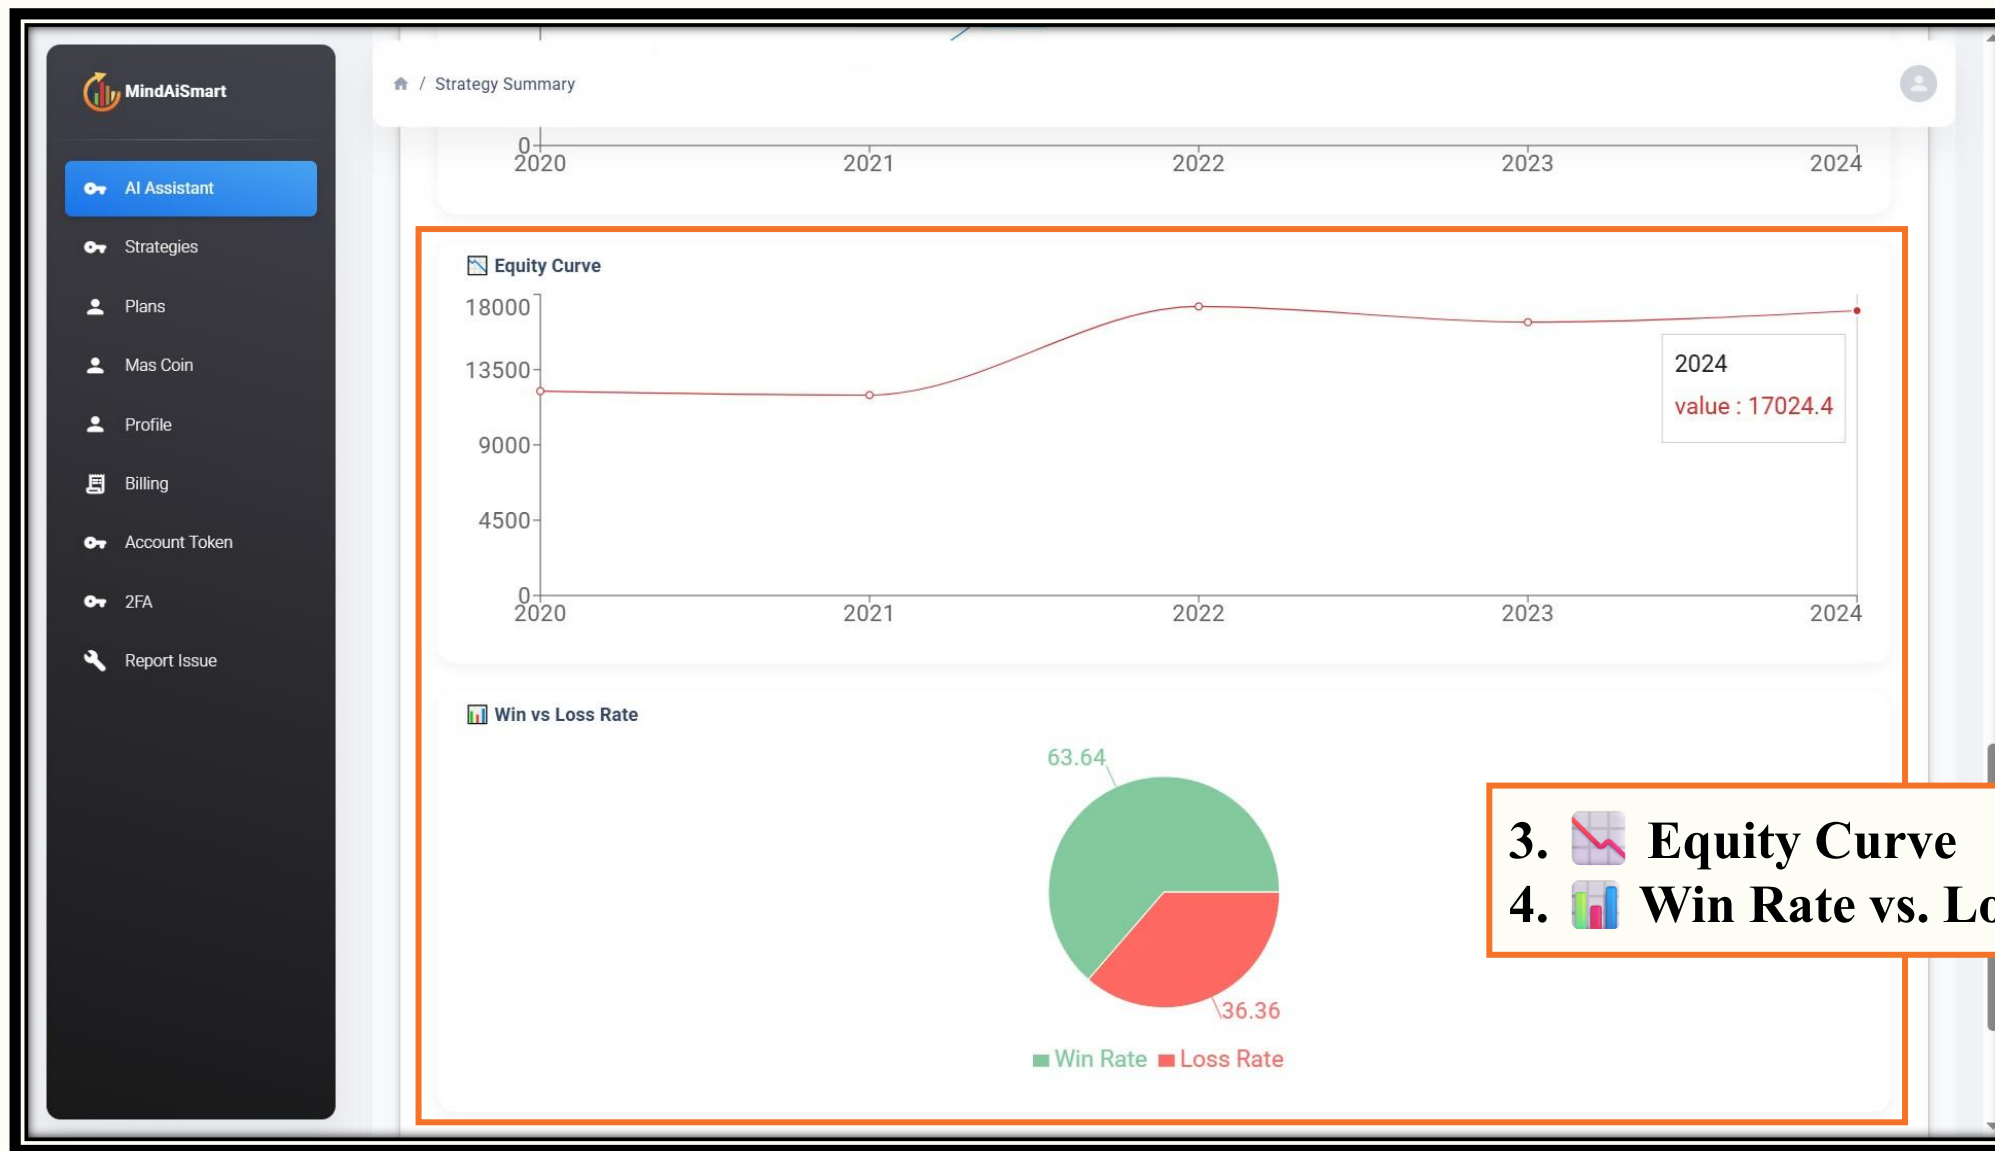

The AI Assistant will then display charts related to your strategy backtest: .

1.  KPI (Bar Chart)
2.  Annual Return (%)

Hover over the chart to view detailed information.

3.  Equity Curve
4.  Win Rate vs. Loss Rate

Trading Platform – AI Assistant(6/6)

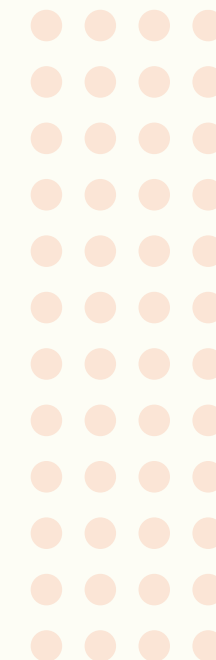

The screenshot displays the MindAiSmart trading platform interface. On the left is a dark sidebar with navigation options: AI Assistant (highlighted), Strategies, Plans, Mas Coin, Profile, Billing, Account Token, 2FA, and Report Issue. The main content area is titled 'Strategy Summary' and features a line chart showing data from 2020 to 2024. Below the chart is a 'Win vs Loss Rate' section with a green semi-circle and the value 63.64. A text box with an orange border contains the instruction: 'To save the result of this strategy, enter a strategy name and click “Save Strategy”. You can review saved strategies later in “Strategies”.' Below this, there is a 'Strategy Name' input field containing 'EURUSD_RSI' and a green 'SAVE STRATEGY' button. The footer shows 'MAS © 2025 by Mas Intelligent Tech Ltd.' with links for Terms, Privacy, and Billing.

To save the result of this strategy, enter a strategy name and click “Save Strategy”. You can review saved strategies later in “Strategies”.

Trading Platform – Account Token

19

The screenshot displays the MindAiSmart trading platform's 'Account Token' management page. On the left is a dark sidebar with navigation options: AI Assistant, Strategies, Plans, Mas Coin, Profile, Billing, Account Token (highlighted with a blue bar and an orange callout line), 2FA, and Report Issue. The main content area has a breadcrumb trail '2fa / Tokens' and a user profile icon. It features a section titled 'Remaining Recovery Tokens: (9 token(s))' with a green button to 'enable TWO-FACTOR AUTHENTICATION' and a blue 'REGENERATE' button. Below this is a 3x3 grid of 9 recovery tokens, each in a box with a copy icon. An orange box highlights the 'Account Token' menu item and the token grid. At the bottom, a text box provides instructions on using account tokens for two-step verification and regenerating them.

Remaining Recovery Tokens: (9 token(s))

For better account security, enable **TWO-FACTOR AUTHENTICATION** [REGENERATE](#)
